National Conference on Innovations & Knowledge Discovery in Computing Technologies (IKDCT 2013)

I have attended the National Conference on "Innovations & Knowledge Discovery in Computing Technologies" which has been held at IET Technical Campus, Bhaddal, during 13 -14 Aug, 2013. I have presented my paper titled "Fuzzy Decision Making for Economic Load Dispatch Problem Incorporating Minimization of Network Congestion". This conference has provided a platform for academicians, technocrats and budding researchers to share their knowledge in field of information and computing technologies.

(Dr. Kanwardeep Singh)

Assistant Professor,

Deptt. of Electrical Engg.
