To whom it may concern

This letter is to certify that **Mr. Sachin Kumar** (Roll No. 1507659, Batch 2019 from Guru Nanak Dev Engineering College, Ludhiana) has successfully completed his internship program of 4 months (Jan 21st, 2019 to 22nd May, 2019) with eNest Technologies Private Limited. He was working in the Engineering Department and was actively & diligently involved in the tasks assigned to him.

During this span, we found him punctual and hardworking person. He successfully learned major technologies like:

- HTML, CSS, Bootstrap
- jQuery, JavaScript
- ASP.NET, MVC, C#

We would like to highlight that the projects & code he worked on is a very confidential property of clients and cannot be disclosed. eNest is strictly under NDA signed with clients. So, we request you to understand that his training is completed in all respect, but all code is lying in company premises.

We wish him the best in all his future endeavors.

Sincerely,

Jagdeep Chawla

PREFACE

Despite the fact that a student is made to learn a lot about the Theoretical & Practical aspects of his in the institute to which he or she belongs, a gap always exists between the working in the institute workshop & industrial unit. This gap can be bridged only when one's to the real working of an industry. It is with this objective in view that the students are seen to different industrial units for acquiring practical training.

We had an opportunity to get Practical Training in **Emson Gears Limited, Ludhiana**. We tried to understand functioning of industry by each of every department.

ACKNOWLEDGEMENT

The authors are highly grateful to the Dr. Sehijpal Singh, Principal, Guru Nanak Dev Engineering College (GNDEC), Ludhiana, for providing this opportunity to carry out the Six- week industrial training at Emson tools Mfg. Corpn. Ltd.

The constant guidance and encouragement received from Er. K. S. Mann Dean T&P, GNDEC Ludhiana has been of great help in carrying out the project work and is acknowledged with reverential thanks.

The authors would like to express a deep sense of gratitude and thanks profusely to **Mr. AMARJEET DHALL** Director/CEO of Company. Without the wise counsel and able guidance, it would have been impossible to complete the report in this manner.

The help rendered by Er. Ranjit singh Singh, Assistant Manager (Emson tools Mfg. Corpn. Ltd.) for experimentation is greatly acknowledged.

The author express gratitude to other faculty members of Production Engineering department of GNDEC for their intellectual support throughout the course of this work.

Finally, the authors are indebted to all whosoever have contributed in this report work.
