SCORE REPORTING

Policies pertaining to score reporting and use are periodically reviewed and revised by the GRE Board. The policies and procedures explained in the 2013-14 GRE Information and Registration Bulletin are effective only for the time period of August 1, 2013 to June 30, 2014 and supersede previous policies and procedures in previous bulletins. GRE scores are reportable for five (5) years following the testing year (July 1 to June 30) in which you tested. Currently, GRE scores earned after July 1, 2009 are available.

PERCENTILE RANK (% BELOW)

The percentile ranks in this report indicate the percentage of examinees who scored below your score. Note that these percentile ranks may be different from those that applied when the scores were originally reported to you if the scores were earned prior to July 2013. This reflects annual updating of these data to permit (wherever possible) to compare scores, wherever earned, with those for a recent reference group.

RETAKING A GRE TEST

You can take the GRE revised General Test once every 21 days, and up to five times within any continuous rolling 12-month period. This applies even if you canceled your score on a test taken previously. You may take the computer-based GRE revised General Test and GRE Subject Tests as often as they are offered. Note: This policy will be revised even if a test taker is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

SCORES NOT REPORTED

"Scores Not Reported" is listed in the Report Date column of the Score Recipient section of your score report if one of these conditions occurs:
- You requested scores to be sent to an undergraduate institution that does not receive scores.
- The code for the graduate institution you designated for score transfer is no longer active.
- Your reportable score record does not include scores for the requested test.

Note: This report is not valid for transmission of scores to an institution.
