**MINUTES OF MEETING OF
BOARD OF STUDIES**

Examination Branch

Following items are proposed for approval in Academic Council meeting to be held in the last week of May, 2018-

1. Grading system-

- It is submitted that from Nov. 2015 exam session onwards, relative grading was applicable as per guidelines of affiliating university. From May, 2017 exam sessions as per university instructions, results were declared by following absolute grading. Most of the students of B.Tech. are at a disadvantage in sessions for which results have been declared using relative grading (B.Tech. Batch – 2015, results of 3 exam sessions were declared using relative grading, for B.Tech. Batch 2016, results of 2 exam sessions were declared using relative grading). In this regards, representation requesting the change of results to absolute grading system of students of B.Tech. was also received. A three member committee was constituted, to carry out analysis (copy of analysis is attached). Committee has proposed that results of B.Tech. which were declared in relative grading be revised using absolute grading . The results may be declared after giving one time special grace to respective courses so that there should be no disadvantage to the student in any way.

2. Extra time if writer is allowed and Fees for separate seating of candidate

- If any examinee is provided with a writer on account of physical disability or injury/high fever etc.then he/she may be allowed an extra time of 30 minutes for writing the examination, provided he/she seeks permission from Dean Academics. Dean Academics shall verify the medical certificate issued by Medical Practitioner/Civil Surgeon to this effect, and give a permission letter to the examinee for extra time. Dean Academics shall then forward such cases to COE.
- In case a special invigilator is deputed for examinee in external theory examination, Rs.200 will be charged per course from the examinee.

3. Grace Marks

- One percent of the total maximum marks of external theory examination of respective semester in which a candidate has appeared (i.e. his attendance has been marked Present') in a exam session may be given as grace for passing external theory course(s) in that exam session from May, 2018 onwards.

4. Regarding UMC

- If in case any electronic device such as mobile or bluetooth is found during examination from any examinee then the same property will belong to examination branch and examinee will have no claim for the same.

- UMC punishments may be reviewed as under-

Proposal for credit transfer policy of online courses

In light of Gazette of India (Extraordinary) Pat-III, Section-4 No. 295, dated 19/07/2016; it is proposed to introduce the credit transfer policy in academic curriculum for the Massive Open Online Courses (MOOC's).

A student will be eligible to get under graduate degree with Honours or Minor Engineering if he/she completes an additional 20 credits through MOOC's. (AICTE Model Curriculum, Chapter-1 (B).

Student can opt for 12-16 weeks course equivalent to 4-6 credits under mentorship of faculty (MHRD MOOC'S guidelines 11.1 (J).

Following pattern is proposed for distribution of credits from 2018 admission batch:-

Semester	Credit
1	2
2	2
3	4
4	2
5	4
6	2
7	2
8	2
Total credits	20

Following points may be considered while implementing policy:-

1. Importance of online learning and credit transfer policy must be shared with the students at entry level of undergraduate program. Same may be incorporated during induction program for newly admitted students.
2. Credits earned through mooc's should be displayed on DMC's of students and considered during calculating overall score of student.
3. List of online courses will be issued by each department prior to registration of every semester on basis of requirement.
4. Faculty can be engaged in online education by assigning the duties of mentors to each faculty member with 2 hours per week contribution.
5. Since we are technical institute, NPTEL online courses may be proffered (MHRD MOOC'S guidelines 2.1)

6. Credit distribution may be changed depending upon the availability of online course floated in that particular semester.
7. Transfer of credit will be evaluated by a centralized committee constituted by principal.

For batch 2017 and advanced to it, where model curriculum of AICTE is not applicable, following points are may be considered:-

1. In every course, the faculty members may be advised to identify the relevant course in SWAYAM-NPTEL. Then, the concerned faculty has to insist the students in the class to register for that particular course.
2. Once the student registers for course, same may be recorded in the register of faculty/mentor.
3. Mentor has to make proper counseling to encourage the students for online courses.
4. Elite and golden certified students may be honored to motivate them.
5. The score may be considered in mentoring marks and general fitness.

In case of any assistance, faculty and students may approach Coordinator, SWAYAM-NPTEL Local Chapter.
