Foreword

The quality and access to higher education has been a subject of intense concern to all of us. The advancements in digital technologies are transforming the way educational resources are being created, disseminated and accessed across the world. Use of digital technologies in all aspects of higher education has also received a major push in India. This in turn helps the quality improvement & accessibility of Higher Education to large part of students as well as up-skilling of the teachers across the country. Digital technologies have also greatly impacted the management and governance of the institutions as well as the accreditation and ranking of the Higher Education Institutions (HEIs).

Department of Higher Education, Ministry of Human Resource Development, has undertaken many initiatives for exploiting the digital technologies in improving the quality & accessibility in Higher Education as well as better tools for accreditation and grading of educational institutions.

Finally, many new frontline technologies like Artificial Intelligence, Machine Learning, Autonomous Systems, Cognitive Systems, etc are emerging and these are going to give many new opportunities for all of us to further improve the quality & accessibility in higher education.

I sincerely believe that this Handbook on " Digital Initiatives in Higher Education" will help you in further disseminating and getting the benefits from these initiatives to improve the learning outcomes of not only the students but also the lifelong learners.

R. Subrahmanyam, IAS
Secretary

Preface

The use of Information and Communication technology (ICT) has great potential in improving the quality of education imparted and widening the access of education throughout the country. For this purpose, the Department of Higher Education, Ministry of Human Resource Development (MHRD) has undertaken many initiatives under 'National Mission on Education through Information and Communication Technology' (NMEICT) project. 'Study Webs of Active-Learning for Young Aspiring Minds' (SWAYAM), SWAYAM Prabha, National Digital Library, e-Yantra and many other initiatives are helping the students as well as teachers across India in their up-skilling as well providing them quality educational resources. In addition, these efforts will be leading to a great repository of knowledge, tools and enablers that can not only impart quality education and accessibility but also excite creativity and innovation in a billion minds, particularly young students, catalyzing them to attain their true potential in building the nation.

Technology is in a position to find a fine balance between the two competing demands on resources, ie. Equal Access and Excellence. In spite of the potential for technology to reach out to the untouched areas and the positive ecosystem (millennial population, improved connectivity), many regions / areas remain untouched with these digital initiatives.

To reach out to Higher Educational Institutions (HEIs) in such regions and states which may not be much aware of these digital initiatives, an attempt is being made in the form of a Handbook on Digital Initiatives in Higher Education. This will provide all critical details about the various Projects and will help the Higher Educational Institutions to exploit these projects to improve the learning outcomes.

Any feedback for improving this handbook will be always welcome.

Dr. N Saravana Kumar, IAS
Joint Secretary (ICC & TEL)

NATIONAL MISSION ON EDUCATION THROUGH ICT (NMEICT)

To improve the learning outcomes and improve the access and quality of learning, Technology offers solutions, in the form of digital education. National Mission on Education through ICT (NMEICT) is a major initiative of Ministry of Human Resource Development (MHRD) to infuse digital education solutions to improve the access to quality contents and also to improve the learning outcomes.

Even though various initiatives have been taken up under NMEICT programme, the major currently ongoing initiatives like SWAYAM, SWAYAM Prabha, National Digital Library (NDL), e-Yantra, FOSSE, Spoken Tutorials, and Virtual Labs are being implemented by various higher educational institutions.

SWAYAM www.swayam.gov.in

1. The 'Study Webs of Active Learning for Young Aspiring Minds' (SWAYAM) is India's own MOOCs platform offering free online courses on almost all the disciplines. A programme initiated by Government of India, designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality has the objective to ensure access to the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for learners who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. This is done through an indigenously developed IT/Cloud platform that facilitates hosting of all the courses, taught in classrooms from 9th standard till Post-Graduation to be accessed by Anyone, Anywhere, Anytime. All the courses are interactive, prepared by more than 1000 reputed teachers in the country and are available free of cost.
2. The courses hosted on SWAYAM are in four quadrants - (i) video lecture, (ii) specially prepared reading material that can be downloaded/printed (iii) self-assessment tests through tests and quizzes and (iv) online discussion forum for clearing the doubts. The learning experience has been enriched by using audio-video and multimedia and state of the art pedagogy/technology. Nine National Coordinators are involved in production and running of courses. University Grants Commission (UGC) for PostGraduation Non-Technical Education, Consortium for Educational Communication (CEC) for Under-Graduate Non-Technical Education, National Project for Technology Enabled Learning (NPTEL) for Engineering, National Council of Educational Research and Training (NCERT) for school education, National Institute of Open Schooling (NIOS) for out of School Education, Indira Gandhi National Open University (IGNOU) for Diploma & Certificates courses through distance learning, National Institute of Technical Teachers Training and Research (NITTTR) for teachers training, Indian Institute of Management (IIM) Bangalore for Management Studies and All India Council of Technical Education (AICTE) for Annual Refresher Programme in Teaching (ARPIT) courses and courses from foreign universities.
3. SWAYAM was formally launched on 09.07.2017 by the Hon'ble President of India. Till date, about 2200 Courses have been offered through SWAYAM in which about 500 courses are on offer for January 2019 semester. More than 50 Lakhs students have registered on SWAYAM platform and there are more than 1 crore enrollments in various courses. The framework for transfer of credits (upto a maximum of 20%) has been put in place by AICTE and UGC by bringing out necessary regulations. With this, the students studying in any Institution can transfer the credits earned through the SWAYAM Courses into their academic records. So far, about 122 Institutions/Universities have recognized the SWAYAM Courses for credit transfer and many others are in the process of doing the same.

Under a new initiative Annual Refresher Programme in Teaching (ARPIT), the Faculty Development Programme (FDP) of higher education faculty is also being offered through MOOCs under SWAYAM platform, for training maximum number of faculty and also to expose the teachers to technology enabled learning. Fifteen lakh untrained school teachers are also getting trained under D.El.Ed. programme of NIOS delivered through SWAYAM.

4. The Online Courses delivered on SWAYAM, are expected to reduce the digital divide by providing access to best content to all. By integrating SWAYAM MOOCs with conventional education, the learning outcomes of students are expected to improve in the coming days and can prove to be a game changer in the education sector.

Action desired from the University / Institute / College:

1. Every Institute should coordinate with UGC/NPTEL for starting "LOCAL CHAPTER (Digital Learning Monitoring Centre), to publicize and help the faculty and students. This will provide a local platform for discussion amongst students and faculty about enrolling of students, facilitating credit transfer, suggesting new courses, exam registration and helping students during the delivery of courses. Any clarification or coordination as required would be done by UGC/NPTEL.
2. Each University is requested to get the SWAYAM courses approved through their Academic Councils/Senate, for two following things on every semester basis
 - » Motivating students to register for courses in SWAYAM - to access to quality contents, which will help in

- ensuring a blended learning mode; and
 - » Allow CREDIT TRANSFER upto 20 % to those students who are willing to opt for learning the selected SWAYAM courses. (UGC and AICTE have issued regulations to facilitate credit transfer upto 20 %)
 - » Institute can decide to accept the SWAYAM course for extracurricular/ extra academic courses.
3. Extensive Publicity and orientation about the SWAYAM courses and benefits to the students by workshops and seminars, through the Local Chapters.

Action by Faculty / Teachers:

1. The faculty can facilitate effective teaching - both On Campus & Online. The role of faculty would change into Facilitator role, by acting as a mentor to assist the students in online learning.
2. SWAYAM course material may be used for Blended Learning or Flip Classes - which is a mix of classroom & online learning.
3. Students should be motivated and supported with handholding, for registering in SWAYAM portal and enrolment for various SWAYAM courses.
4. Talented Teachers across the Universities to be encouraged to produce and offer courses for SWAYAM. They need to approach the concerned National Coordinator under SWAYAM.
5. Funding support for creating & running MOOCs courses - 13.5 Lakhs for creation of one MOOCs course and Rs. 1.2 Lakh for running of one course.

SWAYAM MOOCs Guidelines & Framework:

1. Credit Transfer facility up to 20%

- enabled by UGC/ AICTE- 'Credit Framework for online learning courses through SWAYAM Regulation 2016'. (ANNEXURE-I & II)
- Amendment / Addition MOOCs Guidelines on 1st June, 2017 - standardizing the content delivery and for systematic development of the online Courses for 'Regulation 2016' (ANNEXURE-III)
 - Financial Norms for the Development of MOOCs for SWAYAM (ANNEXURE-IV)
 - Under Career Advancement Scheme (CAS) of UGC - creation of MOOCs or training through MOOCs is one of the eligibility criteria for promotion. (ANNEXURE-V)
 - UGC approved Annual Refresher Programme In Teaching (ARPIT) courses delivered on SWAYAM equivalent to one Refresher course for the purpose of Career Advancement. (ANNEXURE-VI (i)& (ii))
 - Contact details of National Coordinators and Popular Courses (ANNEXURE-VII)

SWAYAM PRABHA

www.swayamprabha.gov.in

1. SWAYAM PRABHA is an initiative to provide 32 high quality educational channels through DTH (Direct to Home) across the length and breadth of the country on 24X7 basis. This would enable to deliver e-education in a most cost effective & inclusive manner. The Department of Space has allotted two GSAT-15 transponders for the same. Hon'ble President of India has launched the SWAYAM Prabha on 9th July, 2017. The subscribers of free DTH service of Doordarshan (Free dish) and Dish TV (Zee) would be able to view these Educational channels using the same Set Top Box and TV. No additional investment would be required. These channels are also available on Jio mobile TV app. Other service providers are also considering the Ministry's proposal to provide free access. The contents are prepared by different MHRD agencies like CEC, IGNOU, IITs, NIOS and NCERT.
2. The DTH Channels cover the following:
 - Higher Education: Curriculum based course contents at postgraduate and undergraduate level covering diverse disciplines such as arts, science, commerce, performing arts, social sciences and humanities, engineering, technology, law, medicine, agriculture, etc. All courses would be certification ready in their detailed offering through SWAYAM, the platform being developed for offering MOOCs courses.
 - IIT PAL: To assist the student in the classes 11 and 12 aspiring to join IITs by encouraging scientific thinking and conceptual understanding critical to answer the 'tough' questions of JEE Advanced. This initiative is led by IIT Delhi. The four channels are for Physics, Chemistry, Mathematics and Biology.
 - School education (9-12 levels): Modules for teacher's training as well as teaching and learning aids for children of India to help them understand the subjects better and also help them in preparing for competitive examinations for admissions to professional degree programmes.
 - Curriculum based courses that can meet the needs of lifelong learners of Indian citizens in India and abroad.
 - Every day, there will be new content for at least four hours which would be repeated five more times in a day, allowing the student to choose the time of his convenience.
 - SWAYAM PRABHA has been integrated on UMANG App also.

SWAYAM PRABHA

The SWAYAM PRABHA is conceived as a group of 32 DTH channels devoted to telecasting of high-quality educational programmes on 24X7 basis using the GSAT-15 satellite.

Action desired from the University / Institute / College

1. Each Institute should install DTH (Direct to Home) facility and TV, for viewing SwayamPrabha channels. All the 32 channels are freely available on DD Free Dish, Dish TV (Zee TV) and Jio Mobile App.
2. Depending on the Schedule of various courses / programmes, students can be motivated or gathered to watch the quality contents being provided through SwayamPrabha channels.
3. This would ensure access to quality

educational contents to students in institutes located in remote areas, where internet connectivity is still not satisfactory.

NATIONAL DIGITAL LIBRARY (NDL)
www.ndl.gov.in

- The National Digital Library of India (NDL) project has been entrusted to IIT Kharagpur to develop the overall framework of a facility that can provide a single window access to learners for e-contents/resources. The vision is to build NDL as a National Knowledge Asset that should become the key driving force for education, research,

innovation and technology economy in India. NDL is available at <https://www.ndl.gov.in>. It is also available as Mobile App (Android and iOS) and on UMANG Platform. Anybody can register in NDL at no cost. Currently, NDL has about 200 lakh of content items and about 45 lakh of registered users.

- NDL integrates the existing digitized and digital contents across educational and cultural institutions / bodies, publishers, etc. to provide a single window access to different groups of users ranging across the entire population. NDL fetches metadata (“data that provides information about other data”) of the contents and store and index these metadata in its servers so that all the e-contents can be searched and accessed in the fulltext by users through a single window. NDL does not store the actual (fulltext) contents in its servers; instead it gives to users links of respective content

hosting sites as part of search results. Users access contents from respective content hosting sites by clicking these links.

Participant Institutions:

All Technical as well Non-Technical Institutions, Publishers, Open Educational Resource Portals

Action desired from the University / Institute / College:

- (a) Dissemination of information about this facility to students and faculty and motivating them to use the e-resources available.

(b) Availability of Internet Connectivity:
No special hardware or accessories are required to access NDL. NDL can be accessed from devices like PC, Laptop, Mobile devices supporting any web browser. However you will need internet connectivity to access NDL.

(3) Individual Membership:

Once you have typed the URL (<https://www.ndl.gov.in>) of NDL and land on the Landing page of NDL, you will find a window on the right hand side saying 'Member Log-In'. Click on the 'Register' button whereby a Registration form will open up. Fill up all the details on the form and submit. You will soon get a validation link in your mailbox. Click the link and validate and then you can start using NDL. From next time onwards, please use the Log-In button on the Home page for accessing NDL.

(4) Bulk Registration for Institutions:

A person from your institute, called Institutional Nodal Person (INP), can take the responsibility of getting all the persons of the institute registered in NDL. (S)he can get this done through the following steps:

- » List all first name, last name and email id of your users (students, faculty members, staff) in an excel file (in one row for each user) and send the file to ndlsupport@iitkgp.ac.in or to rajendra.

singh1310@gmail.com with a request to get these users registered

- » NDL person will upload this excel in NDL system
 - » Each person (user) will soon receive his / her respective login credentials (user id and a system generated password) in his / her e-mail id. A person's NDL account will be activated upon his/her first login. During this first login user will need to modify the system generated password and may all also fill his/her profile. S(he) can then start using NDL.
- (5) NDL facilitates the uploading of inhouse resources produced in your Institute by the faculty members, staff, and students into the national repository; Meta data needs to be shared.

e-YANTRA www.e-yantra.org

- e-Yantra is a project entrusted to IIT Bombay for enabling effective education across engineering colleges in India on embedded systems and Robotics. The training for teachers and students is imparted through workshops where participants are taught basics of embedded systems and programming. Engagement of teachers and students in hands-on experiments with robots by way of competition event is another innovative method of problem solving with out of box solutions. e-Yantra also helps colleges to setup Robotics labs/ clubs to make it a part of their routine training curriculum. More than 275 colleges across India have benefited with this initiative. All the projects and code are available on the e-Yantra website www.e-yantra.org as open source content.

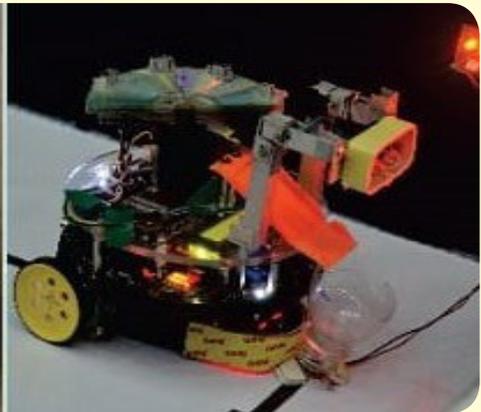

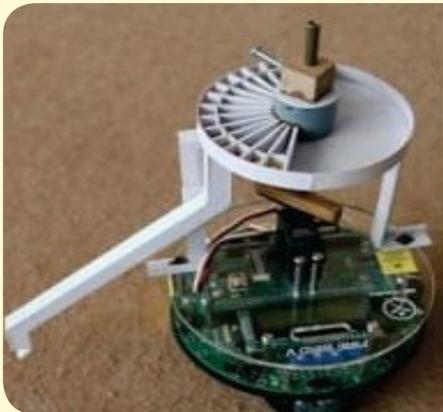

Robotics & Autonomous Systems.

Participant Institutions:

All Technical as well as Science Colleges and Polytechnics

Action desired from the University / Institute / College:

- Dissemination of information about this facility to students and faculty.
- e-Yantra Lab Setup Initiative (eLSI) is a college level program under which colleges are helped to setup robotics labs. It addresses infrastructure creation and teacher training to create an ecosystem at the colleges to impart effective engineering education using "Project Based Learning." eLSI provides: (i) guidance and support for establishing robotics

- This unique initiative aims to create the next generation of embedded systems engineers with a practical outlook to help provide practical solutions to some of the real world problems using

labs - three robotic kits are given to each participating college on lab setup and (ii) Two phased training for teachers. An Institution registers with a mail to "support@e-yantra.org" with

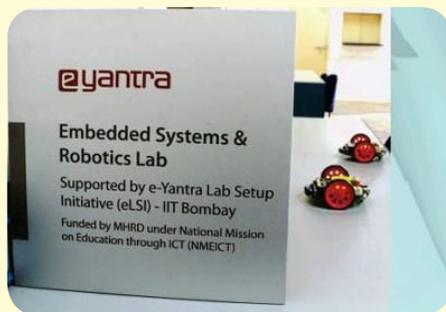

a request to set up an e-Yantra Lab. A college has to commit Rs 2 lakhs towards infrastructure (under e-Yantra guidance) and commit 4 teachers to be trained from different disciplines (such as CS, EE, Civil, Mech. etc.) following which the e-Yantra process takes over. Once equipment is purchased and teachers are trained, the lab is inaugurated online and plugged into the e-Yantra eco-system. The teacher training comprises a 2-day onsite workshop close to the college. After this, there is an online 2-3 month Task Based training (TBT) based on a robot that the teachers are given by the e-Yantra project. There are other benefits to having a lab such as extended participation in the e-Yantra Robotics Competition and participation in e-Yantra Ideas Competition that trains students in innovation. There is an annual e-Yantra Symposium at IIT Bombay where teachers from the labs congregate at IIT Bombay to learn of latest best practices and experiences in other labs.

3. e-Yantra Robotics Competition (eYRC) is a unique annual competition for undergraduate students in science and colleges. Selected teams are given a robotic kit complete with accessories and video tutorials to help them learn basic concepts in embedded systems and microcontroller programming. Abstractions of real world problems are assigned as "themes" which are then implemented by the teams using the robotic kits. The winners of this competition are eligible for summer internship in IIT Bombay. Students are

to be encouraged to participate.

The following Youtube link gives a brief idea of e-Yantra. "e-Yantra – Competition with a difference" <https://youtu.be/izDTFhVExpY>

4. e-Yantra Ideas Competition (eYIC). e-Yantra labs volunteer upto 4 proposals for solving local problems through automation. Shortlisted proposals are given a goahead to build their solutions under our mentorship using the lab infrastructure developed under e-Yantra. Innovations are from a variety of domains including healthcare, agriculture, smart cities, etc. See an overview of the e-Yantra Ideas Competition here: <https://www.youtube.com/watch?v=WB-qftXeQVg>

VIRTUAL LAB www.vlab.co.in

This initiative provides remote access to Labs in various disciplines of Science and Engineering. Students can also strengthen their concepts by performing Virtual labs experiments at a place and time of their choice, outside lab hours. These Virtual Labs would cater to the students at the undergraduate level, postgraduate level as well as to research scholars. There are 12- participating institutes; IIT Delhi, IIT Bombay, IIT Madras, IIT Guwahati, IIT Kharagpur, IIT Kanpur, IIT Roorkee, NITK Surathkal, COE Pune, Amrita Vishwa Vidyapeetham, and Dayalbagh Educational Institute Agra. IIT Delhi is the Coordinating Institute.

Participant Institutions:

All Technical Institutions as well as Science Colleges

Action desired from the University / Institute / College:

1. Dissemination of information about this facility to students and faculty.

2. Good Internet Connectivity: Virtual Labs do not require any additional infrastructural setup for conducting experiments at user premises. The simulations based experiments can be accesses remotely via internet
3. There is no financial liability of any party for using Virtual Labs. It is free to use.
4. Explore to become Nodal Centre for conducting training & Workshops on Virtual labs: The Institute should be a Central, State University or Institute / college approved by AICTE/UGC. The Institute should provide a designated / common lab space having 30 PCs or more with minimum 1 Mbps internet broadband connection and a multimedia projector. A Nodal Center Coordinator for the Virtual labs should be nominated by the Head of the Institute (Director/Principal).

FOSSEE www.fossee.in

The FOSSEE (Free/Libre and Open Source Software in Education) Project, promotes the use of FLOSS (Free/Libre and Open Source Software) tools to improve the quality of education in our country. It aims to reduce the dependency on proprietary software in educational institutions. It is being implemented by IIT Bombay.

FOSSEE promotes the use of the state of the art FLOSS in teaching and research. Some of these tools are Scilab, Python, R, DWSIM, Open Modelica and Open FOAM. New FLOSS tools, such as eSim and upgrade existing tools are also developed. It also promotes open source hardware, such as Arduino. For more details please visit: <https://fossee.in/>. These tools are promoted by encouraging students and faculty to use them in education and research through the activities listed below:

Textbook Companion : Porting the solved examples from standard textbooks to one of the FLOSS supported by FOSSEE like Scilab, Python, Open Modelica and R.

Lab Migration : Migration of Labs in educational institutions to FLOSS only labs. Currently, FOSSEE supports Lab Migration under the following software: Scilab, eSim, OpenFOAM and DWSIM.

Conferences and Workshops : We conduct various conferences, seminars and remote workshops to introduce FLOSS to users.

Niche software activities : Toolbox development for Scilab, Flowsheeting with DWSIM, Case Study with Open FOAM, Circuit Simulation with eSim and Power System Simulation using Open Modelica and Open IPSL.

Hardware activities : Arduino, Open PLC using Atmel and Raspberry Pi, and PCB for eSim

Massive blended training : Connect with Remote Centres and help train several thousands of teachers on Moodle, Scilab, Python, R, etc.

Participant Institutions : All Technical and Science Colleges, and also colleges that do data analysis.

Action desired from the University / Institute / College:

1. Dissemination of information about this initiative to students and faculty.
2. The FOSSEE team invites educators/researchers to partner and develop more such tools.

Spoken Tutorial www.spoken-tutorial.org

This project helps everyone learn various Free/Libre and Open Source Software all by oneself. The selfpaced, multilingual courses ensure that anybody with a computer and a desire for learning, can learn from any place, at any time and in a language of their choice. Internet is not required to use Spoken Tutorials. This project is being implemented by IIT Bombay.

- » Even those students who are not fluent in English can learn from Spoken Tutorials through dubbing available in all 22 languages of the Schedule 8 of the Constitution, such as Hindi, Assamese, Bengali, Bodo, Gujarati, Kannada, Kashmiri, Malayalam, Manipuri, Marathi, Nepali, Oriya, Sanskrit, Punjabi, Tamil, Telugu, and Urdu.
- » Even though one may listen to Spoken Tutorials dubbed in our languages, one would not lose the employment potential as all the videos are in English.
- » One can self learn from Spoken Tutorials, as these are created for self learning, and also that Internet is not required to use it.
- » One can, through Spoken Tutorials, learn (i) programming languages, such as C, C++, Java and Python (ii) OS software like Linux, Bash and Awk (iii) web development software like PHP/MySQL, Drupal and Joomla (iv) scientific and simulation software, such as Scilab, R, DWSIM, Open Modelica, Open FOAM, Osdag and eSim (v) office productivity software

Libre Office (vi) graphic and animation software, such as Inkscape, GIMP, Blender, and Inkscape.

Participant Institutions:

Engineering, Polytechnic, Arts, Science, and Commerce, Colleges.

Action desired from the University / Institute / College:

1. Dissemination of information about this resource to students and faculty, encouraging them to use this, as AICTE/UGC approved MOOCs for ICT lab/practical courses/papers.
2. Disseminate the fact that institutions should register for annual membership with IIT Bombay, and have any number of students appear in any number of tests, and get free certificates when they pass online tests.
3. Disseminate the fact that the Spoken Tutorial team provides Maternal, infant and young child nutrition, thereby preventing Malnutrition.

NATIONAL ACADEMIC DEPOSITORY www.nad.gov.in

National Academic Depository (NAD) is an online store house of academic awards (degrees, diplomas, certificates, mark sheets etc.) lodged by the academic institutions / school boards / eligibility assessment bodies in a digital format. NAD is on 24X7 online mode for making available academic awards and help in validating their authenticity, their safe storage and easy retrieval.

National Academic Depository comprises of two interoperable digital depositories viz. CDSL Ventures Limited (CVL) and NSDL Database Management Limited (NDML). The University Grants Commission (UGC) is the authorized implementing body of NAD. The details regarding NAD are available at www.nad.gov.in.

Students can now access their academic awards online from anywhere & at any time. Students can also authorize verification seeking entities to view & verify the academic certificates. NAD is permanent record of academic awards and there is no risk of losing, spoiling or damaging of academic awards. NAD is also an effective deterrence to fake and forged paper certificates.

Participant Institutions:

1. Central Educational Institutions comprising Central Universities, Central Higher Educational Institutions & institutions empowered by an Act of Parliament to grant degrees, Central Higher Educational Institutions awarding diplomas
2. State Universities and Deemed to be Universities

3. Institutions empowered by an act of State Legislature to grant degrees
4. Private Universities approved by University Grants Commission
5. Institutions approved by the Ministry of Skill Development & Entrepreneurship (MSDE) for participating in NAD.
6. Central Board of Secondary Education (CBSE);
7. Other School Boards
8. Central eligibility test conducting bodies i.e. UGC for National Eligibility Test (NET) and CBSE for Teacher Eligibility Test (TET).

Stakeholders of NAD:

1. Academic Institutions/School Boards/ Eligibility assessment bodies
2. Students and other award holders
3. Verification seeking entities i.e. banks, employer companies (domestic and overseas), Government entities, academic Institutions / Universities / Boards / Eligibility assessment bodies (domestic and overseas) etc.

Action desired from the University / Institute / College:

Roles & Responsibilities of Academic Institutions (AIs)-

The AIs shall:

1. Enter into a Service Level Agreement (SLA) with either of the two depositories to join NAD.

2. Provide certificate templates, data masters etc. to the depositories
 3. Provide data of academic awards for lodging the academic awards on NAD
 4. Identify staff to be trained in NAD system
 5. Lodge Awards – Upload awards and seed with NAD ID
 6. Verify & digitally sign data in prescribed formats – maker / checker
- c) Approve/reject request of any verification seeking entity for access to his/her certificate
 - d) Send copy of certificate to any verification seeking entity

ANNUAL REFRESHER PROGRAMME IN TEACHING (ARPIT)

www.swayam.gov.in

The Ministry of Human Resource Development has officially launched Online Annual Refresher Programme in Teaching (ARPIT) on 13th November, 2018, a major and unique initiative of online professional development of 15 lakh higher education faculty using the MOOCs platform SWAYAM. For implementing ARPIT, 75 discipline specific National Resource Centres (NRCs) have been identified in the first phase, which are tasked to prepare online training material with focus on latest developments in the discipline, new & emerging trends, pedagogical improvements and methodologies for transacting revised curriculum. ARPIT will be an ongoing exercise so that every year. Identification of discipline specific NRCs for 2019 is ongoing. NRCs will continuously develop new refresher module in their earmarked discipline each year. The training materials will be uploaded and made available through SWAYAM. NRC will publish the list of the faculty who have been certified. The NRCs will revolutionize professional development of faculty by catering to massive numbers by leveraging ICT and online technology platform of SWAYAM.

There would be an End Term Proctored Examination, after completion of ARPIT Course, based on which the learners (teachers) would be certified.

UGC has notified the equivalence of ARPIT as a refresher course for Career

Advancement Scheme (CAS) of faculty (DO Letter No. F.2-16/2002(PS)Pt.fl.II dated 3rd December, 2018). (Annexure-VI)

Participant Institutions:

All Public funded Educational Institutions such as Central Universities, IISc, IUCAA, IITs, IISERs, NITs, State Universities; UGC's Human Resource Development Centres (HRDCs), National Institutes for Technical Teachers Training (NITTTRs), IIITs, IGNOU etc.

Action desired from the University / Institute / College:

- » Dissemination of information to Higher Education faculty about ARPIT initiative and UGC notification for equivalence of ARPIT as a refresher course for career advancement of faculty
- » All faculty in Higher Educational Institutions to be encouraged to join ARPIT Courses on SWAYAM.

GENERAL OBSERVATIONS

1. Each Institute (University/College) should nominate a tech savvy faculty as Nodal Officer (TEL)-TEL refers to Technology Enabled Learning
2. Nodal Officer (TEL) should organise meeting of all faculty, to be chaired by Vice Chancellor/Principal to brief about the various digital initiatives possible to be implemented. This session should be used to enlighten the faculty about the benefits of digital initiatives, for the students.
3. Vice-Chancellor/Principal should motivate the faculty to accept the changes happening in the education sphere and embrace the digital initiatives.
4. Printed Pamphlets (consisting of various digital initiatives) should be distributed to all faculty. (MHRD will help in providing the soft copy of the same)
5. Faculty should be motivated to disseminate the information on digital initiatives to the students.
6. Faculty should be motivated to take up courses in SWAYAM and ARPIT, to understand firsthand the experience of digital education. This will make the faculty to motivate the students, with conviction
7. The Local Chapters (Digital Learning Monitoring Centres) should act as Digital Learning Clubs, in discussing and disseminating the information on various digital initiatives, motivating the students to register and get enrolled, facilitating credit transfer, suggesting new courses, exam registration and helping students during the delivery of courses.

UNIVERSITY GRANTS COMMISSION

UGC (Credit Framework for Online Learning Courses through SWAYAM) Regulation, 2016.

New Delhi, the 19th July, 2016

No. F.1-100/2016(MOOCs/e-content) 1. Preamble.—

- 1.1 Whereas Education has to widen the access to higher education and bring down its cost by using technological advances,
- 1.2 Whereas Massive Open Online Courses (MOOCs) have emerged as a viable model for imparting education, involving conventional and online education,
- 1.3 Whereas the Indian version of online learning is being launched on an indigenous platform of learning, named as SWAYAM (Study Web of Active Learning by Young and Aspiring Minds),
- 1.4 Whereas there is a need to create synergies between the salient features of anytime-anywhere format of e-Learning and the traditional classroom-based chalk and talk method to develop a unique content delivery mechanism, which is responsive to learners' needs and ensures seamless transfer of knowledge across geographical boundaries,
- 1.5 Whereas there is a need to put in place a regulatory mechanism that would allow seamless connect between the online learning and the regular class room learning,
Now therefore;
University Grants Commission in exercise of the powers conferred by clause (f) and (g) of sub-section (1) of Section 26 of the UGC Act 1956 (No. 3 of 1956), makes the following Regulations, namely;

2. Short title, Application and Commencement:

- 2.1 These Regulations shall be called the UGC (Credit Framework for online learning courses through SWAYAM) Regulation 2016.
- 2.2 These shall apply to all universities established or incorporated by or under a Central Act, a Provincial Act, or a State/Union Territory Act and all institutions recognized by or affiliated to such Universities and all institutions deemed to be universities under Section 3 of the UGC Act, 1956.
- 2.3 These shall further apply to the transfer of credits of such students who are enrolled as regular/part-time students in any educational institution in India.
- 2.4 These shall come into force from the date of their publication in the official Gazette.

3. Definitions:

- 3.1 'Academic Council' is the body empowered to take decisions regarding all academic matters in an institution including the decision regarding permitting online learning courses through SWAYAM.
- 3.2 'Course' shall mean a paper which is taught for at least one semester as a part of a subject
- 3.3 'Four quadrant approach': the four Quadrant approach means e-learning system that has the following components:
 - Quadrant-I is e-Tutorial: that shall contain: Video and Audio Content in an organised form, Animation, Simulations, Virtual Labs.
 - Quadrant-II is e-Content: that shall contain: PDF/e-Books/illustration, video demonstrations, documents and Interactive simulations wherever required.
 - Quadrant-III is Web Resources: that shall contain: Related Links, Open Content on Internet, Case Studies, Anecdotal formation, Historical development of the subject, Articles.
 - Quadrant-IV is Self-Assessment : that shall contain: MCQ, Problems, Quizzes, Assignments and solutions, Discussion forum topics and setting up the FAQ, Clarifications on general misconceptions.
- 3.4 'Host Institution' shall mean the institution duly recognised/approved by the regulating authority, to which the PI/SME offering the course belongs.

- 3.5 'Institution' shall mean any academic institution registered and functioning in India.
- 3.6 'MOOCs': Massive Open Online Courses (MOOCs) are such online courses which are developed as per the pedagogy stated herein; following the four quadrant approach and made available on the SWAYAM platform of Government of India.
- 3.7 'MOOCs Guidelines' shall mean guidelines on online learning issued by the MHRD vide its orders dated 11th March 2016 and subsequent addendums issued by the MHRD.
- 3.8 'National MOOCs Coordinator' (NMC) is a Nation level agency designated as such by the Government, for the purpose of coordinating the production of the online courses and for overseeing their quality in a designated sector of learning.
- 3.9 'Parent Institution' shall mean the institution/university/college where the student is enrolled as a regular/part-time student.
- 3.10 'Principal Investigator (PI)': The PI shall be a Subject Matter Expert (SME) belonging to a reputed educational institution, identified and entrusted with the task of developing and delivering MOOCs in a given area by the NMC.
- 3.11 'Sector' shall mean a particular level of learning such as high school, engineering/non-engineering diploma/degree/post-graduation.
- 3.12 'Subject' shall mean a discipline (eg Mathematics) taught in an educational institution consisting of specific courses, resulting in awarding of a certificate/diploma/degree.
- 3.13 'SWAYAM platform' is an IT platform developed and made functional by the Ministry of Human Resource Development of Government of India for the purpose of offering online learning courses on the MOOCs pattern.

4. Online learning courses:

- 4.1. The online learning courses shall be made available on the SWAYAM Platform by the PI identified by the National MOOCs Coordinator, through the Host Institution, as per the schedule finalised by him/her.
- 4.2. The SWAYAM shall notify to the Registrars of all the Institutions, on 1st June and 1st November every year, the list of the online learning Courses going to be offered in the forthcoming Semester.
- 4.3. All the Institutions shall, within 4 weeks from the date of notification by SWAYAM, consider through their Competent Authority the online learning courses being offered through the SWAYAM platform; and keeping in view their academic requirements, decide upon the courses which it shall permit for credit transfer.
- Provided that an Institution can only allow up to 20% of the total courses being offered in a particular program in a Semester through the online learning courses provided through SWAYAM platform.
- 4.4. While making this decision, the Academic Council may, *interalia*, consider allowing online courses of SWAYAM if:
- There is non-availability of suitable teaching staff for running a course in the Institution or
 - The facilities for offering the elective papers (courses), sought for by the students are not on offer in the Institution, but are available on the SWAYAM platform.
 - The courses offered on SWAYAM would supplement the teaching-learning process in the Institution.
- 4.5 Every student, in the class of the institution, offering a particular paper (course) would be required to register for the MOOCs for that course/paper.
- 4.6 While allowing the online learning Courses offered by SWAYAM, it shall be ensured that the physical facilities like Laboratories, computer facilities, library etc, essential for pursuing the courses shall be made available free and in adequate measure by the parent institution.
- 4.7 The parent institution must designate a course coordinator/facilitator to guide the students throughout the course and to facilitate/conduct the Lab/Practical sessions/examinations.

5. Evaluation and Certification of MOOCs

- 5.1. The host institution and the PI shall be responsible for evaluating the students registered for the MOOCs course launched by him/her.
- 5.2. The evaluation should be based on predefined norms and parameters and shall be based on a comprehensive evaluation throughout the length and breadth of course based on specified instruments like discussions, forums, quizzes, assignments, sessional examinations and final examination.

- 5.3. Whereas an online examination would be the preferred mode, the PI shall be authorised to decide on the mode of conducting the final examination. This shall be announced in the overview of the Course at the time of offering the course.
- 5.4. In case, open and paper final examination is to be conducted, the same shall be offered through any college/school volunteering to conduct the same. The decision in this respect will be of the PI and the host institution.
- 5.5. After conduct of the examination and completion of the evaluation, the PI through the host institution shall award marks/grade as per the evaluation scheme announced.
- 5.6. The final marks/grade shall be communicated to the students as well as the parent institution of the student, within 4 weeks from the date of completion of the final examination.
- 5.7. The parent Institution shall, incorporate the marks/grade obtained by the student, as communicated by the Host Institution through the PI of the SWAYAM course in the marks sheet of the student that counts for final award of the degree/diploma by the University with the proviso that the programs in which Lab/Practical Component is involved, the parent institution will evaluate the students for the practical/Lab component and accordingly incorporate these marks/grade in the overall marks/grade
- 5.8. A certificate regarding successful completion of the MOOCs course shall be signed by the PI and issued through the Host Institution and sent to the Parent Institution.
6. **Credit Mobility of MOOCs**
- 6.1. The parent Institution shall give the equivalent credit weightage to the students for the credits earned through online learning courses through SWAYAM platform in the credit plan of the program.
- 6.2. No university shall refuse any student for credit mobility for the courses earned through MOOCs.
7. **Amendment required in University Rules and Regulations for Seamless Integration of MOOCs**
- 7.1. Every Institution, shall within 4 weeks from the date of issue of these Regulations, shall decide through their Competent Authority, the amendments required in their Ordinances, Rules, Regulations etc to incorporate provisions of these Regulation.
8. **Transitory Measures**
- 8.1. The UGC shall notify a Standing committee to resolve any issues that may arise in the implementation of these regulations during the transition period of three years.

Amendment / Addition to the Guidelines for developing Online Courses for SWAYAM

This is an addition to the “Guidelines for developing Online Courses for SWAYAM” issued on 1st June, 2017 and will form part of the above guidelines.

6.6 Guidelines for Course Coordinators to offer courses to the students from other Universities / Institutions

The objective of this Amendment / Addition is to facilitate Course Coordinators to offer courses to the students from other Universities / Institutions. In this courses coordinator works as a remote teacher to the University /Institution which accepts this course of the teacher (Course Coordinator).

The scheme would work as follows:

- a) The MOOC version of all such courses which are already being offered in the host institution, would not need further approval by the concerned University Academic Council (AC) before hosting.
- b) However, if any new course, which is not already approved by the AC of the university, is proposed to be offered under SWAYAM, the same shall be duly approved by the AC specifying the credits available, the modalities for evaluation etc.
- c) The Course Coordinator, thereupon, is authorised to run the course, and also conduct evaluation either directly, or through a third party, after which the candidates would be awarded marks.
- d) In order to ensure that the evaluation is standardised, the National Coordinator, in consultation with stakeholder Universities, will prescribe the detailed guidelines for evaluation and setting of question paper.
- e) The Course Coordinator, based on the detailed guidelines prescribed by the National Coordinator, will set the examination paper, run the exam and will convey the marks directly to the Controller of Examinations of the parent Institute of the learners.
- f) The Controller of Examination of the Parent University (where the SWAYAM learner is enrolled) will accept the marks provided by the CC and would incorporate in the mark sheet of the student.

BACKGROUND AND PERSPECTIVE

Whereas, with a view to providing access to the best quality learning resources across the country, the project 'Study Webs of Active Learning for Young Aspiring Minds' (SWAYAM) has been started.

Whereas, SWAYAM provides an integrated platform and portal for online courses, using information and communication technology (ICT) covering High School till all higher education subjects and skill sector courses to ensure that every student benefits from learning material through ICT;

Whereas, SWAYAM is a:

1. One-stop web and mobile based interactive e-content for all courses from High School to University level.
2. High quality learning experience using multimedia on anytime, anywhere basis.
3. State of the art system that allows easy access, monitoring and certification.
4. Peer group interaction and discussion forum to clarify doubts
5. Hybrid model of delivery that adds to the quality of classroom teaching.

Whereas, SWAYAM involves development of Massive Open Online Courses (MOOCs) compliant e-content (video and text) and building a robust IT platform;

Whereas, in order to disseminate educational content to masses, the MHRD has launched 32 Direct-To-Home (DTH) educational TV channels called "SWAYAM Prabha" broadcasting education content 24x7 basis, and the content developed under SWAYAM would be used for transmission in SWAYAM Prabha (SP) DTH channels.

Whereas, there is a need for synergizing the quality of contents on these platform, and for standardizing the content delivery;

Now, with a view for systematic development of the online courses for the SWAYAM, the following guidelines which propose to lay down technical and production standards for the e-content have been issued:

1. DEFINITIONS:

- 1.1. In these guidelines, unless the context otherwise requires, the following words shall have the following definitions:
 - a) **Academic Advisory Council (AAC)**: shall mean a group of academicians of repute identified and appointed by the National Coordinator with the mandate of identifying the CCs, examining the course proposals and approving them.
 - b) **Course Coordinator (CC)**: The CC shall be a Subject Matter Expert (SME) belonging to a reputed educational institution/Industry or a specialist in the field identified and entrusted with the task of developing online course in a

- given area by the NC.
- c) **'Course'** shall be of two types: credit courses and non-credit courses.
- Credit Course* shall mean a course which is taught for at least one semester as a part of a subject/programme.
 - Non-Credit Course* shall include courses like awareness programme, continuing education programme or training of specific skill set as independent course, which are not part of any set curriculum. It can be of shorter duration.
- d) **'Four quadrant approach'**: The four quadrant approach means e-learning system that has the following components:
- Quadrant-I is e-Tutorial; which shall contain: Video and Audio Content in an organized form, Animation, Simulations, video demonstrations, Virtual Labs, etc, along with the transcription of the video.
 - Quadrant-II is e-Content; which shall contain; self instructional material, e-Books, illustrations, case studies, presentations etc, and also contain Web Resources such as further references, Related Links, Open source Content on Internet, Video, Case Studies, books including e-books, research papers & journals, Anecdotal information, Historical development of the subject, Articles, etc.
 - Quadrant-III is the Discussion forum for raising of doubts and clarifying them on a near real time basis by the Course Coordinator or his team.
 - Quadrant-IV is Assessment, which shall contain; Problems and Solutions, which could be in the form of Multiple Choice Questions, Fill in the blanks, Matching Questions, Short Answer Questions, Long Answer Questions, Quizzes, Assignments and solutions, Discussion forum topics and setting up the FAQs, Clarifications on general misconceptions.
- e) **Host Institute**, Educational-Institute offering the MOOC and conducting end examination, awarding credits and certification.
- f) **'MOOCs'**: Massive Open Online Courses (MOOCs) are such online courses which are developed as per the pedagogy stated herein and following the four quadrant approach.
- g) **'National Coordinators (NCs)'**: National Coordinators are the Institutions that have been so designated by the Ministry and assigned a specific sector for preparation of online courses for SWAYAM.
- h) **Parent Institute**, Institute to which student registered for MOOC is enrolled.
- i) **'Sector'** shall mean a particular level or discipline of learning allotted to a NC by the MHRD.
- j) **'Subject Matter Expert Groups (SMEGs)'** shall mean a group of reputed academicians in a particular subject identified by the National Coordinator in each subject.
- k) **'Subject'** shall mean a specific area under a discipline (Example: Physics) taught in an educational institution consisting of specific programme/ courses, resulting in the award of a certificate/ diploma/ degree.
- l) **'SWAYAM Academic Board'** shall be an apex academic body that would lay down standards of quality for the courses to be offered through SWAYAM.
- m) **'SWAYAM Board'** shall be the Authority that would be overall in-charge of the formulation of the Platform, prescribe quality of content and facilitate conduct of examinations.

2. SWAYAM Board

SWAYAM Board (SB) shall be the Body for managing the SWAYAM and SWAYAM Prabha by coordinating the work of technical and academic bodies so as to deliver high quality online education.

a) **Composition:** The Board shall have the following membership:

- i. Secretary (Higher Education) – Chairperson
- ii. Chairperson UGC
- iii. Chairperson AICTE
- iv. (5) Bureau heads from the Ministry of HRD (ex-officio) looking after: Technical Education, Management Education, Higher Education, School Education, Open/Distance Education
- v. All National Coordinators of SWAYAM and SWAYAM PRABHA
- vi. JS&FA of MHRD
- vii. Mission Director NMEICT (Member Secretary)

b) **Functions:** The SB shall discharge the following functions:

- i. Take decisions for smooth running of SWAYAM and SWAYAM PRABHA platforms.
- ii. Lay down Policy regarding implementation issues including: cost payable for development and delivery of the courses, examination fees, accepting the content from foreign/private institutions/universities, within parameters laid down by the competent authority.
- iii. Review the progress of each NC pertaining to sanction, progress, development and delivery of various online courses.
- iv. Any other matter that has arisen during the operation and delivery of SWAYAM and SWAYAM Prabha.

c) **Secretariat:** The SB shall have a secretariat located in AICTE/ MHRD for servicing the Board, composition of which would be decided by the Board.

3. SWAYAM Academic Board (SAB):

(1) There shall be a SWAYAM Academic Board responsible for guiding the National Coordinators and for laying down quality standards. The SAB shall be constituted as follows:

- i. Chairman UGC – Co Chairperson
- ii. Chairman AICTE – Co Chairperson
- iii. Two technical experts nominated by the Ministry
- iv. Two reputed academicians nominated by the Ministry
- v. Two representatives from the Industry, one each nominated by MSME and Ministry of Skill Development
- vi. Director AICTE – Member Secretary

(2) The SAB shall discharge the following functions:

- i. Monitor the quality of the courses on the SWAYAM and lay down quality standards.
- ii. Offering of courses on SWAYAM
- iii. Integration of SWAYAM and SWAYAM Prabha
- iv. Monitor the progress of conduct of the end-term examinations

- for the SWAYAM courses and resolve issues if any.
- v. Monitor the progress of transfer of credits and resolve issues if any.

4. NATIONAL COORDINATORS

4.1. The following shall be National Coordinators for each of the Sectors for the purpose of development of the e-content, delivery of online courses and overseeing the assessment procedures of courses offered on SWAYAM. However, the Ministry can add National Coordinators from time to time depending on the need for expanding the Courses to be offered:

S. No.	National MOOCs Co-ordinator	Sectors
1	University Grants Commission(UGC)	Non-Technology Post Graduate Degree Programmes.
2	NPTEL	Technical / Engineering UG & PG degree programmes.
3	Consortium for Educational Communication	Non Technology Under Graduate Degree programmes.
4	IGNOU	Diplomas and Certificates programmes
5	NCERT	School Educational Programmes from Class 9 th to 12 th .
6	NIOS	Out of school children Educational Programmes from Class 9 th to 12 th .
7	IIM Bangalore	Management programmes.
8	NITTR, Chennai	Teacher Training programme.

5. SCOPE OF SWAYAM

5.1. The SWAYAM shall cover the following:

- Curriculum based course contents covering diverse disciplines such as arts, science, commerce, performing arts, social sciences and humanities, engineering, technology, law, medicine, agriculture etc. in higher education domain (all courses to be certification-ready).
- School education (9-12 levels) modules; for teacher training as well as teaching and learning aids to learners to help them understand the subjects better and also to help them in better preparedness for competitive examinations for admissions to professional degree programmes.
- Skill based courses, which cover both post-higher secondary school skills that are presently the domain of polytechnics as well as industrial skills certified by the sector skill councils of various Ministries.
- Advanced curriculum and professional certification under a unified scheme in higher education domain that can be tailored to meet the demands of Choice Based Credit System (CBCS) currently being implemented in India at under graduate level.
- Curricula and courses that can meet the needs of life-long learners.

सत्यमेव जयते

- f) Independent courses which may not be part of any set curriculum and may be taught as awareness courses, continuing education programme and for training of specific skill sets.

6. Creation of online courses for SWAYAM:

6.1. Identification:

The National Coordinators (NC) shall ensure that work of converting a course into a MOOC shall be done in a comprehensive manner, such that there is complete coverage of all the courses in a subject/programme.

- a) The NC shall identify courses where online education is possible and preferred. The identified courses shall be advertised in newspaper and other media calling for Expression of Interest (EoI).
- b) In all identified courses, **Expression of Interest (EoI)** can be invited for credit courses from CC through recognised Universities/ Institute of National Importance and other educational Institutions authorized to award degrees/credits and from subject specialists both in Public and Private Sectors for non-credit courses.
- c) The CC while submitting the expression of interest (EoI) shall also submit an undertaking from a Host University/Institution conveying its willingness to offer the course for credit, conduct examination, assessment, evaluation, issue certificates and transfer the credits to the students of the Parent University/Institution as per the UGC/ AICTE/any other regulatory body Regulations issued for the purpose.
- d) After evaluating the EoI received, the NC shall identify a Course Coordinator (CC) for each Course, based on (i) the quality of the sample content, (ii) reputation of the expert/ institute and (iii) teaching-learning methods proposed, and invite him/her to prepare the MOOC within 6 months from that date.
- e) The NC shall ensure that no further courses are allotted to a CC unless he/she has successfully completed a course allotted earlier.
- f) In case two or more CC from the same Institution drop / discontinue courses at a given time, the host Institute shall be denied further participation for a stipulated time.
- g) In case, the selected CC is a private person or a private institution, not entitled to award credits/ certificate, it shall identify a public Institution authorized to offer credits/ certificate for the course and issue certificate, as Co-applicant. An MoU between the two defining their roles will be formulated and later approved by the NC / SB.
- h) The NC shall constitute the following Committees immediately:
 - i. **Academic Advisory Council (AAC)** consisting of academicians for assisting the NC to consider and take decisions on every MOOC proposal.
 - ii. **Subject Matter Expert Groups (SMEGs)** for each subject consisting of academicians for evaluating the Proposals for Online Courses and make recommendations for its acceptance, improvement or rejection.
- i) The courses, which carry credits/ certification, shall be cleared by the 'host' University/Institute, who shall also agree to conduct End Examination, assessment and grant credits/ certification.

6.2. Pre-production activities (12 weeks/Online Course)

- a) Each CC shall constitute an academic team of educationists with proven abilities for preparation of the Teaching Learning Material (along with the pedagogy and the activity-based interventions for improving the delivery of the content).
- b) The CC shall, within 2 weeks from the date of appointment, prepare a
- c) **Proposal for MOOC** consisting of the following and submit the same to the NC for approval:
 - i. Introductory module: Defining the Course design, qualifications for taking the course, introductory video, assessment system, credits to be awarded, starting date/ending date, and expected outcomes.
 - ii. Scheduling of course: lectures / reading material / assignments / quizzes/ test into weeks and short modules.
 - iii. Instructional videos to be prepared – along with the transcript, multi-media techniques to be used, and the name of the teacher-on-the-camera.
 - iv. Details of reading material such as lecture notes / additional readings to be provided.
 - v. Self-assessment modules: The total number of quizzes and assignments to be provided for the course.
 - vi. Assessment system: Weekly /biweekly assessments and assignments that would be required to be taken by the students.
 - vii. Reading material: Notes/extra readings.
 - viii. Self-assessment modules: Quizzes and tests.
 - ix. Assessment system: Weekly assessments and assignments.
 - x. Discussion forum: List of Teaching Assistants for handling the discussion forum and answering queries raised by registered Students.
 - xi. The CC shall ensure that the Online Course, (where **Credits/Certificate** on the Course are to be offered) under SWAYAM, (i) is Cleared by a University/ Institute and (ii) the University/ Institute agrees to issue certificate(s) and **'Transfer the Credits'** to Registered Students under SWAYAM that are existing as regular & enrolled students from a recognized University/Institute across the country and shall follow, the UGC & AICTE (Credit Framework for Online Learning Courses through SWAYAM) Regulation, 2016, a 'Gazette Notification' issued on 19th July 2016 & 17th August 2016, respectively.
Non-submission of the proposal in the above manner within the given period shall automatically result in cancellation of the order entrusting the work.
- d) On receipt of the Proposal for MOOC, the NC shall place the same before the **Subject Matter Expert Groups (SMEGs)** for its consideration. The SMEGs shall convey its approval, amendment or rejection within Three weeks. In case the Subject Matter Expert Groups (SMEGs) makes suggestions for improvement/changes, the CC shall make the changes and present the same within 2 weeks further. The Subject Matter Expert Groups (SMEGs), may thereupon, make the final recommendation to the Academic Advisory Council (AAB).
- e) Based on the feedback given by the Subject Matter Expert Groups (SMEGs), the Academic Advisory Council (AAB) shall examine each

proposal and either approve, suggest changes or reject same within a further period of 2 weeks from the date of receipt of Subject Matter Expert Groups (SMEGs) report. The AAB shall also recommend to the NC the required budget for preparing the MOOC.

- f) The NC shall thereupon, and without any further delay, communicate the decision to the CC and also release the funds required for starting the production.

6.3. Production activities (8 weeks/ Online Course)

On receipt of the approval from the NC, the CC shall proceed for production of the videos in the following manner:

- a) **Identification of the studio:** In order to have uniformity in Technical quality of contents developed under SWAYAM & have compatibility between contents developed by NMCs, it is recommended to have uniform set of equipment being used by CCs. The studio hired by CC shall have all equipment as listed in **Annexure-I**. In case a studio of these specifications is available in the institution, the same shall be used. Otherwise, a studio with these facilities can be hired for the purpose of making these Programmes as per the rates given in **Para 9 A**).
- b) **Production team:** There shall be a Production team experienced in preparing Programmes for educational purposes, consisting of a Director/Producer, Instructional Designer, Production Assistant, Camera persons, multi-media technicians and Editors, who can be paid by the Course Coordinator as per the rates given in **Para 9 A**).
- c) **Duration of content:** A four-credit course may have overall duration of about 20 hours of video lectures and reading Module (a course may have upto 40 Modules). Content is required to be submitted in a hard disk, the (i) 'Video Edit' files' @ 10 Mbps for transmission on SWAYAM PRABHA and (ii) further compressed files @ 2.5 Mbps along with other TLM (in SWAYAM Template) for delivery through SWAYAM.
- d) **Presentation techniques:**
- The production of programme may be done in a manner that a substantial part that at least 75% of the total duration of each production should use innovative learning techniques viz. case-studies, scenarios, animation, analogies, individual or group activities, concept-mapping, in-text learning quizzes, interactive exercises within learning modules, discussion forum, multi-media techniques, innovative graphics, live experiments, demonstrations, role-plays, field documentaries etc.
 - It shall be the responsibility of the CC to ensure that none of the graphics, animations, images, sound clips, video clips used are plagiarized or cited without formal permissions from owners who must be informed of the distribution policies of SWAYAM.
 - It shall be the responsibility of the CC to ensure that none of the graphics, animations, images, sound clips, video clips used are plagiarized.
 - Whereas direct lecture focused on the teacher can be used, it may be kept for less than 15% of the total duration of video. Even in this case, the teacher should speak extempore and should not read from written material or even a Teleprompter. It should be ensured that the teacher before the camera is presentable as per television practices.

- e) **Transcription of Video** shall be prepared along with the programme, which may be needed for translation of the transcript and for sub-titling in other languages.

6.4. Post production activities (4 weeks/Online Course)

There shall be a post-production team consisting of the Video Editor, Sound Editor and Music team, equipped with video editing software working in Non-Linear Editing System (NLE) along with suitable equipment listed in **Annexure-I**. They shall be responsible for:

- Video editing the programme using HD parameters.
- Writing, (re)recording, and editing the soundtrack if needed.
- Adding visual special effects, multimedia effects and computer-generated imagery (CGI)
- Sound re-recording or mixing with professional audio equipment.

6.5. Review of the Course content and approvals (4 weeks/Online Course)

- a) On completion of the programmes, the CC shall intimate the NC about the readiness for review of the Course.
- b) Immediately thereupon, the NC shall get the course Previewed/reviewed from academic and technical experts and thereafter convene the SMEGs meeting for viewing the course in detail along with the video and reading resources.
- c) The SMEGs, after viewing the course shall verifying the following and based on these recommendations, the NC will place the course before the AAB, which will approve the Course for uploading on the SWAYAM portal:
- Final typos and grammar checks.
 - Brand language/message (i.e. in keeping with Online Course guidelines)
 - Pedagogy and learning experience.
 - Formatting of text and images.
 - Ensuring the presence of basic Online Course elements like video/e-Content, discussion forums, Interactive elements, assignments, assessment methodology etc.
 - Video quality checks.
- d) The NC in consultation with the CC, will also recommend the 'Start date' and the 'End date' for the course.
- e) Based on these recommendations, the NC will place the course before the AAB, which will approve the Course for uploading on the SWAYAM portal.

7. Notification of Course to all Universities

As soon as AAB approves a course, the same will be reported to the SWAYAM Board by the NC. The SWAYAM Secretariat shall request the concerned regulator to communicate to all Universities/Institutes under their jurisdiction to notify the courses to their departments and affiliating institutions for availing and transfer of credits by students enrolled with them.

8. ASSESSMENT AND CERTIFICATION

- a) The CC shall decide the suitable assessment system for the course based on the stated learning outcomes, in consultation with the host University/

- institution offering the course.
- Normally, the assessment shall have both formative assessment to promote deeper learning, critical thinking and reflection, in combination with summative assessments designed to gauge student achievement and/or performance. Summative assessments may include graded quizzes, reports or projects, peer assessments or proctored examination. Whereas an online examination would be the preferred mode, the CC may decide on the mode of conducting the final examination. Efforts must be made to include industry or industry bodies as partners in the certification process for further value addition to the students. Wherever possible, education and R & D team members from the industry need to be included in the design of course contents and problem sets. However, problems may be of a generic nature and specific practices of participating industries should not be used as contents.
 - In case, a pen and paper final examination is to be conducted, the same shall be offered through any college/school volunteering to conduct the same. The decision in this respect will be taken by the host institution.
 - After conduct of the examination and completion of the evaluation, the host institution shall award marks/grade as per the evaluation scheme announced, within 4 weeks from the date of completion of the final examination.
 - On successful completion of each course, the host institution offering the Online Course would issue the certificate, along with the number of credits and grades, through which the student can get credits transferred into his/her marks certificate issued by his/ her parent institution.

9. INTELLECTUAL PROPERTY RIGHTS / COPYRIGHT HANDLING

- The CC shall follow copyright laws for any readings, images, and video clips used as core and supplementary reading in case of licensed material if used and submit an undertaking to that effect to the NC.
- All contents (text, audio, video, animation, quiz etc.) developed with the funding of NMEICT will be the property of SWAYAM.
- All courses and contents posted in SWAYAM will be copyrighted to SWAYAM. Ministry will, from time-to-time, announce policies for access and charges, if any (for certification) and will also publish appropriate Open Educational Resources policy in consultation with other national and international bodies.
- The CC shall be given explicit permission for creating books and other distribution materials ever for commercial purposes with the explicit undertaking that contents published in SWAYAM shall remain there.
- The terms of service should be clearly laid out so as to address the following key points by the CC:
 - Any disclaimers should be clearly spelt out.
 - User /student/ institutions should be informed about the usage rights of the course content available on SWAYAM.

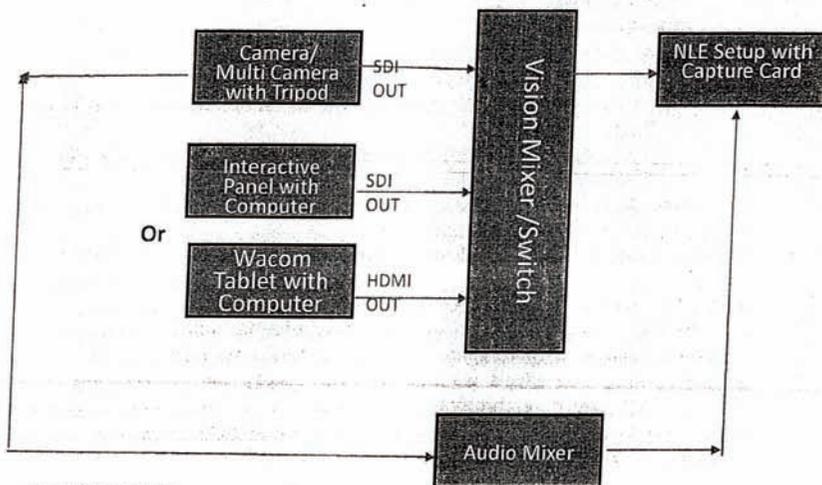

Annexure-I

Equipment Setup & Specifications, for use in development of Online Course.

Note: Make/Models/trade names appearing in Annexure-I are indicative only, equipment with similar or better features & Specification are acceptable.

Office Memorandum

Sub: Financial Norms for Development of MOOCs for SWAYAM

The financial guidelines for development of MOOCs under SWAYAM had been issued vide O.M. No. 8-1/2015-TEL dated 11th March, 2016. After a detailed interaction with the Course Coordinators held on the 2nd March 2017, a revised cost structure has been worked out based on the actual requirements in the field. These revised cost guidelines have been approved by the SFC in their meeting held on 26th September 2017.

2. Accordingly, the following cost norms for courses under the SWAYAM would be applicable with effect from the date of issue of the O.M.:

A. Development of new MOOCs:

Teaching Learning Material(TLM) & On-Camera Presentation

S. No.	Details	Rs Lakh
1	Preparation of the TLM, assessment, presentations, online reference material etc. including transcript - for 40 hours course material	1.50
2	On Camera presentation by SME @ Rs. 5000 per module (30 minutes)	2.00
3	Academic Review with two subject matter experts (for all four quadrant material) @ Rs. 1000 per module (30 minutes)	0.80
4	Technical review by one technical expert @ Rs. 500 per module (30 minutes)	0.20
	Sub-Total payment to SMEs and Reviewers(for 40 hours)	4.50

Video Production (Tentative - 40 hours):

S.No.	Details	Rs lakh
1.	Production cost (including cost of studio, set, crew and instructional designer)	5.25
2.	Multimedia or outdoor shooting inputs	1.75
3.	Post production (@ Rs. 5,000 per hour)	2.00
	Sub-Total Video Production Cost	9.00

B. Repurposing of existing e-content to MOOCs

Repurposing of the old material shall normally be not encouraged. Only where the material already existing is conforming to the quality guidelines issued on 1st June 2017, repurposing can be done.

The financial norms for repurposing of existing e-content courseware to MOOCs shall be maximum of 6 Lakhs per course (of 40 hours duration). For shorter/longer courses the payment would be proportionate. The National Coordinator (NC) shall make the assessment regarding the quantum of work involved in repurposing and make payment accordingly, subject to the maximum limit.

C. Support to the National Coordinator (NC) per year

S No	Details	Rs lakh
1	Support equipment for preview and consumables	5.00
2	Human Resource (only contractual) - Coordinator @ Rs. 70,000 per month (1) - One Project Associate per 50 Courses- @ Rs. 35,000 per month - One Data Entry Operator-@ Rs.20,000 and one Account Assist.-@ Rs.30,000 ≥ 50 Courses handled by NC.	8.40 As per number of Courses
3	Academic Advisory Board meetings @ Rs.2.00 Lakhs per Annum	
4	Subject Matter Expert Groups (SMEGs) Meeting @ Rs.2.00 Lakhs per Annum	
5	Workshops/Subject (1 workshops/50 persons each/Rs. 4000 per person) = 2.0 Lakhs/5 Course	As per number of Courses

3. The above cost norms would be applicable from the date of issue and would be subject to the following:
- The norms would be applicable only for the courses that are produced new/fresh.
 - The norms for TLM, On camera presentation and video production are for a 40 hour course (20 hours video and 20 hours of e-text). For courses which are of more/less duration the payment would be proportional.
 - The National Coordinator (NC) should follow the procedure prescribed in the June 2017 guidelines for selection of courses.
 - The courses should strictly comply with quality and other parameters prescribed in the June 2017 guidelines. A compliance certificate in this regard should be given for each course by the Course Coordinator (CC).
 - Before uploading every course on SWAYAM, NC should verify and certify that the course is in compliance with the June 2017 guidelines.
 - The payment would be made by NC to the Host Institute and not to the CC directly.

- g. The payment would be made only after acceptance of the deliverables by NC.
 - h. The CC has to give an undertaking that the course has not been submitted to any other agency for funding and has not received funding from any other source.
 - i. The payment would be made only for courses that would result in award of credit or certificate. The host institute should give the necessary commitment regarding conduct of examination and award of credit or certificate.
 - j. The receipt of payments by the CC/SME shall be regulated by the norms prevalent in the host institution.
 - k. The complete IPR of all the courses uploaded on SWAYAM shall be with the MHRD.
4. All the National Coordinators are requested to adopt these norms while sending proposals for release of money for production of courses as per the action plan already approved by the SWAYAM Board.

D.O.No.F.11-1/2018 (HRDC/NRC)

1st January, 2019

Dear Vice Chancellor,

As you are aware, the Ministry of Human Resource Development, Government of India has invested significant amount of resources towards capacity building and enhancement of professional skills of faculty of higher education institutions under the scheme of Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT). Annual Refresher Programme in Teaching (ARPIT) is one such initiative, launched by MHRD on 13th November, 2018 with the objective of providing online courses in various disciplines for professional development of higher education faculty using the Massive Open Online Courses (MOOC) platform SWAYAM.

For the implementation of ARPIT, 75 discipline-specific National Resource Centres (NRCs) have been identified to prepare online training material with focus on latest developments in the discipline including new & emerging trends, pedagogical improvements and methodologies for transacting revised curriculum.

UGC has already granted equivalence to ARPIT courses at par with Refresher Courses for the purpose of Career Advancement Scheme.

Through this letter I wish to draw your attention to the newly launched ARPIT courses and also to request you to encourage your faculty to participate in the ARPIT courses available on SWAYAM platform, not only for keeping themselves abreast of latest developments in their disciplines but also for aiding their career progression.

With regards,

Yours sincerely,

(Prof. D.P. Singh)

D.O.No.F.2-16/2002(PS)Pt.fl.II

December 3, 2018

Respected Sir/Madam,

A unique initiative of online professional development of in-service teachers' of higher education, using MOOCs platform SWAYAM-Annual Refresher Programme in Teaching (ARPIT) was launched by MHRD on 13th November, 2018. The ARPIT is 40 hour programme with 20 hours of video content offered in a highly flexible format which can be done at one's own pace and time. The programme has built-in assessment exercises and activities as part of the academic progression in the course. At the end of the course, there is a provision for terminal assessment which can be either online or written examination.

It has been decided by the UGC that successful completion of the courses offered under the ARPIT programme with 40 hour of instruction material with a proctored examination will be treated as equivalent to one Refresher Course for the purposes of Career Advancement.

This is for the information of all universities and colleges.

With regards,

Yours sincerely,

(Rajnish Jain)

To the Vice-Chancellors of all Universities
