

About the GNDEC, Ludhiana.....

Guru Nanak Dev Engineering College, one of the prestigious, oldest and minority institution of Northern India, was established under the aegis of Nankana Sahib Education Trust (NSET) in 1956. NSET was founded in the memory of the most sacred temple of Nankana Sahib, birth place of Guru Nanak Dev Ji. The main mission for establishing Guru Nanak Dev Engineering College was 'Removal of Economic Backwardness through Technology'. To fulfill this commitment, a unique admission criterion was adopted by NSET by reserving 70% seats for the students of rural areas.

The College is affiliated with I.K.Gujral Punjab Technical University (IKGPTU), Kapurthala. The college courses are approved by AICTE, New Delhi. This is the first Engineering College of Punjab, which was conferred Autonomous Status by University Grants Commission (UGC), New Delhi in 2012 under section 2(f) and 12(B) of UGC Act 1956. The institute runs seven Engineering Branches (Civil, Mechanical, Electrical, Electronics & Communication, Computer Science, Information Technology and Production) at UG level and 15 PG level courses including MBA, MCA. The college has Ph.D in all engineering branches and it is a QIP Centre under AICTE for Ph.D in streams viz. Civil Engineering, Mechanical Engineering and Electrical Engineering.

About the SWAYAM– MOOC.....

SWAYAM is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy .

This is done through a platform that facilitates hosting of all the courses, taught in classrooms from Class 9 till post-graduation to be accessed by anyone, anywhere at any time. All the courses are interactive, prepared by the best teachers in the country and are available, free of cost to any learner. More than 1,000 specially chosen faculty and teachers from across the country have participated in preparing these courses.

The courses hosted on SWAYAM are in 4 quadrants – (1) video lecture, (2) specially prepared reading material that can be downloaded/printed (3) self-assessment tests through tests and quizzes and (4) an online discussion forum for clearing the doubts. Steps have been taken to enrich the learning experience by using audio-video and multi-media and state of the art pedagogy / technology.

In order to ensure that best quality content is produced and delivered, nine National Coordinators have been appointed. They are:

AICTE - (All India Council for Technical Education) for self-paced and international courses

NPTEL (National Programme on Technology Enhanced Learning) for Engineering

UGC (University Grants Commission) for non technical post-graduation education

CEC (Consortium for Educational Communication) for under-graduate education

NCERT (National Council of Educational Research and Training) for school education

NIOS (National Institute of Open Schooling) for school education

IGNOU (Indira Gandhi National Open University) for out-of-school students

IIMB (Indian Institute of Management, Bangalore) for management studies

NITTTR (National Institute of Technical Teachers Training and Research) for Teacher Training programme

Credit Transfer

UGC has already issued the UGC (Credit Framework for online learning courses through SWAYAM) Regulation 2016 advising the Universities to identify courses where credits can be transferred on to the academic record of the students for courses done on SWAYAM. AICTE has also put out gazette notification in 2016 and subsequently for adoption of these courses for credit transfer.

Objective of Workshop

Talk about what E- Learning is, the courses that are there, the formats, extra features such as text transcription etc.

MOOC courses – what they are, how colleges can use them, statistics, etc.

Local Chapter of NPTEL – how colleges and NPTEL can work together and interact directly.

Nomination of faculty members is being sought for this workshop from each institution.

Eligibility

Engineering, Science & Management faculty /Principals / HODs / Librarians (Max of 3 from each institution) are eligible to participate.

Registration

There is no registration fee and no TA/DA for the participants. The registration process will be completed only when the registration form is received from the participant through a proper channel by **January 20, 2020**. However, candidates may send an advance copy through email, post or by hand.
