

GNE ALUMNI AUSTRALASIA INC.

Relive . Rejoice . Render

OUR STORY

GNE Alumni Australasia Incorporation is a not-for-profit organisation run by alumni of Guru Nanak Dev Engineering College, Ludhiana.

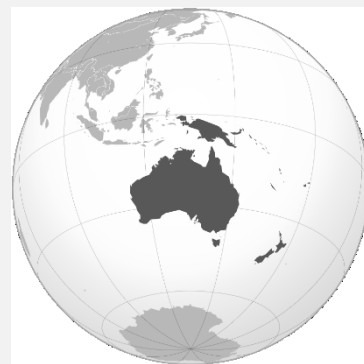

Australia and New Zealand based Genconians have come together on this platform to give back to the community in many ways. This organisation is legally registered in Australia and with the College.

GNE aluminous are some of the lucky people who had lived the glorious years in one of the reputed College of India. They are not just graduated with a professional degree but are ready to spread the word of humanity, a message given by Saint Guru Nanak, the College is named after. All Genconians carry a bundle of experience, skills, and sweet memories. This association will provide them with the platform to share it.

PURPOSE

The purpose of the association includes but is not limited to:

- Guiding the current students/new immigrants (from the GNE College Ludhiana) by helping them to develop contacts for their professional and academic enrichment in Australasia.
- Providing a platform for interaction among alumni, current students, faculty and the administration of the college.
- Helping the Australasian community, including the association members, as required and as deemed appropriate by the Committee for humanitarian causes.

JOIN US!

We encourage all Genconians to join and support us to build a strong community in Australasia. We together can make a huge difference to help our fellow Genconians and stand with each other in good and bad times.

Our purpose is to undertake development and humanitarian activities. We do not support any political party or religion.

Way to Contribute

There are many volunteering opportunities out there. Look for things that appeal to you, things you are good at or things you'd like to try. Get in touch with us/team members to discuss
