About the Institute

Guru Nanak Dev Engineering College, Ludhiana is one of the pioneering engineering institutes of the country. Run under the aegis of Nankana Sahib Educational Trust and started in 1956, the college has produced engineers who have held the nation's flag high. The college boasts of excellent infrastructure and state of the art laboratories. The college campus sprawling 88 acres is within the municipal limits of city of Ludhiana. The college offers 7 under graduate courses and 12 post graduate courses of engineering and management.

The college is approved by AICTE, affiliated to Punjab Technical University and accredited by NAAC, IE(I) & TCS. The institute is also certified for ISO 9001-2015. Lush green lawns, well stocked electronically enabled library, well laid out sports fields provide a perfect ambiance for learning. The college has been rated as the best government engineering college in Punjab by OUTLOOK magazine survey.

About the city

The city of Ludhiana is known as Manchester of India. The city is known for bicycles, cycle parts, sewing machines, hosiery etc. The establishment of city dates back to 116th century when the Lodhi dynasty set up the city on banks of river Sutlej. The city is now a bustling metropolis with all modern amenities.

About the conference

Engineering more so Electrical engineering has seen a plethora of changes in recent past. The challenges coming up due to increased demand on system, the ageing power system, advances in power electronics all are the avenues that need to be looked upon. In order to provide a platform to discuss these changes, this conference is being organized.

Original/ Review Papers are invited from students and faculty of electrical engineering in following areas:

- Power System Operation and Control
- Power System Protection
- Machine Dynamics
- Power Electronics
- Fuzzy systems
- Neural Networks
- Energy Conservation
- Non Conventional Sources of Energy
- Communication Systems

All papers will be published in form of CD/book..
