

## **REPORT**

The 2<sup>nd</sup> International Conference on Innovations in Automation and Mechatronics Engineering 2014 (ICIAME-2014) was organised by Mechatronics Engineering Department, G. H. Patel College of Engineering and Technology, Vallabh Vidyanagar, Gujarat from March 7-8, 2014.

The conference was inaugurated on 7<sup>th</sup> March, 2014. The keynote address was delivered by Prof. J. N. Reddy from Texas A & M University, USA and Dr. P. M. Pathak from Indian Institute of Technology, Roorkee. International experts along with National luminaries from different streams of Mechanical and Mechatronics Engineering participated in this conference. As many as 73 delegates including senior scientists, teachers, young scholars and students participated and presented their research findings. The two day event included the Inaugural Session, Keynote Lectures and Eleven Parallel Sectional Presentations.

I participated and presented the paper which was titled “An Experimental and CFD Analysis of Sloshing in a Tanker” in the technical session on Saturday, March 08, 2014 from 11.15 AM to 1.15 PM. There were five more presenters in the session. All gave presentation for 15 minutes and five minutes were kept for discussion.

I thank TEQIP-II cell for funding my visit.
