

WASTE MANAGEMENT AND OPTIMIZATION TECHNIQUES

Production Engineering Department has organised two week faculty development programme (sponsored by TEQIP-II) on “Waste Management and Optimization Techniques” from 27th Dec, 2015 to 5th Jan, 2016. This programme was attended by 115 academicians from GNDEC and other institutes of the region.

Dr. R.S. Seehra (Ex Principal GNDEC Ludhiana) delivered a key note address during inauguration on the topic titled “Micro Engineering & New-age Employability”. The program was inaugurated by Dr. M.S. Saini, Director GNDEC, Dr. Sandeep Grover Vice Chancellor YMCA University of Science & Technology Faridabad, and Dr. J.N.Jha (Coordinator TEQIP-II), Dr. J.S.Grewal (HOD P.E) with light in ceremony.

On 2nd day of the FDP Dr. R.V. Rao, Professor Mechanical Engg. and Dean Academics NIT Surat delivered a lecture on various optimization algorithms to solve engineering problems.

FDP was completed successfully on 5 Jan 2016 and Dr Ravi Kumar (Principal BCET, Gurdaspur) was chief guest on that occasion. He delivered a valuable lecture on material development.
