

## **Report**

### **Quality initiatives in technical and higher educational institutions**

9-11 June 2014, ESCI Hyderabad

The program was started with a detailed lecture by Prof R. Natrajan on the topic Current challenges in Engg education in India. Prof. Avichal Kapoor delivered a lecture on the effective methods of preparing self assessment report for NBA accreditation. Prof Koteswar Rao could not deliver his talk and in his place Prof S.K Verma from ESCI took various sessions and discussion regarding various queries related to NBA and NAAC accreditation were addressed. Prof V Gopal Reddy delivered a lecture on the topic Criteria for NAAC accreditation. He presented a case study for elaborating the accreditation process. A lecture of total quality management was delivered by Prof S.K Verma. Another interesting session on the topic innovations and research in technical institutions was taken by Dr. U. Chandrasekhar. Overall there was a good learning during three days workshop but we could not get the inputs from some expected speakers.

Dr. Sehijpal Singh

(Prof. and Head, Deptt. of Mech. Engg.)
