

## Report

I attended and presented a paper at the Congress on Economy, Finance and Business (CEFB) held in Bangkok from 6-8 November, 2013. The conference was organized by National Taipei University of Technology. The paper was titled 'Corporate Social Responsibility in small and medium enterprises in Industrial hub of Ludhiana (India): A case study'. The aim of the conference was to offer a forum for honorable scholars and well-known professors to meet and discuss the cutting-edge researches on economy, finance, and business. It was believed that in depth interactions at such academic meeting will be the cradle of innovation. The conference was able to achieve these objectives and the networking opportunities provided at the conference was a gainful experience. The paper presented by me at the conference was well received. I thank the TEQIP-11 cell for funding my visit and helping me get international exposure.
