Dear Sir,

Please refer <http://www.nicee.org/npeee/CSIEducationalSoftware.pdf>

Which says:

<quote>

A processing fees of Rs. 20,000/- is payable by the college/Institute to NICEE by a cheque/draft in favour of "National Information Centre of Earthquake Engineering" alongwith the application. Outstations cheques will be accepted and may include an additional amount of Rs. 95/-. The amount can also be paid online using a credit card at [www.nicee.org/NICEE\\_donation.php](http://www.nicee.org/NICEE_donation.php) mentioning the purpose as "SAP/ETABS"

</quote>

Does this offer still better and is the best one?

Does it mean we need to pay of Rs. 20,000/- per year to NICEE? Is it donation to NICEE every year or toward cost of software going to CSI?

With regards,

Dear Sir,

The current processing charge is Rs. 20,000/- for SAP & ETABS. This can be increased anytime. This is not the cost of the software but only the processing fee being charged by NICEE. There are no further charges payable. You would get a licence for 10 users for 1 year only. For next year, the case will have to be processed again along with the processing charges prevalent at that time.

Thanks & regards,

@ Prof Prashant Garg

We can have 10 copies of SAP and ETAB for 1 year for Rs. 20,000/- which is good for software training, in my opinion.

Payment may be made from "Consultancy Cell". Case may be initiated if you find it appropriate.
