This bibliography on Copyright and Intellectual Property Resources is compiled from the reply to a query ‘copyright and libraries’ from webcrawler (http://www.webcrawler.com). There are also some other documents available on the net. Since the comprehensive list is very long, one file which is a compilation of bibliography has been taken. This bibliography is compiled by Terry Kuny, Global Village Research, Ottwa, Ontario (contact e-mail: terr.kuny@is.com or phone: 613-234-9621). Since the file is in HTML format, the HTML codes have been removed. There may be some errors while removing the HTML codes. The best way to see the documents is to go to the webcrawler and give the same search request. Due to the dynamic nature of Internet, the addresses may change from time to time. Wherever there is no string starting html://....., please add html://www.nlc-bnc.ca followed by the rest of the address. Most of these documents are located at http://www.nlc-bnc.ca/document/infopol/copyright/ directory.

1. BIBLIOGRAPHY

American Committee for Interoperable Systems. /documents/infopol/copyright/acis.txt

American Library Association, et. al. /documents/infopol/copyright/fairuse.txt

Fair Use in the Electronic Age: Serving the Public Interest. This statement was developed by representatives of the following associations: American Association of Law Libraries, American Library Association, Association of Academic Health Sciences Library Directors, Association of Research Libraries, Medical Library Association Special Libraries Association. This document has also been endorsed by the Art Libraries Society of North America. January 18, 1995.
